Divya Raj

Frontend Developer

https://react-portfolio-two-ivory.vercel.app/

Accomplished front-end developer with nearly **6 years of experience** specializing in UI development and solution architecture. Passionate about building intuitive, user-centric interfaces across a range of projects. Thrives in fast-paced, collaborative environments, leveraging data-driven strategies to meet tight deadlines and deliver high-quality solutions. Experienced in startup product development, continuously pushing for innovation and improving user experiences.

SKILLS

Frontend Frameworks & Libraries

React.js, Next.js, Vue.js, jQuery, Web3

Backend & Server-Side Development

Node.js, Express.js

Markup & Styling

HTML5, CSS3, SASS/SCSS, Bootstrap, Material-UI

Testing & Debugging

Jest, Selenium

Databases

MySQL, MongoDB

Frontend State Management

Redux, Context API

Programming Languages

JavaScript (ES6+), TypeScript, Python

Web Development APIs & Build Tools

AJAX, RESTful APIs, WebSockets, GraphQL, Webpack, Babel

Version Control & Collaboration

Git, GitHub

Methodologies & Practices

Agile (Scrum, Kanban), CI/CD

PROFESSIONAL EXPERIENCE

Software Development Engineer, PFE Technologies

Jan 2023 – present | Dubai, UAE

- Led **front-end development** for SWAP Exchange and a centralized exchange platform, improving user engagement by 40% through responsive UI design and optimization.
- Developed decentralized fintech applications using **React JS**, **Redux**, **Hooks**, **Context API**, **Next.js JavaScript** and **TypeScript** for the front end, while building scalable back-end services with **Node.js** and **Express.js**, leading to a 25% increase in user conversion rates.
- Built an ICO platform with **Vue.js** and **Web3** integration, driving a 40% increase in token sales in the first quarter.
- Integrated **RESTful APIs** and **GraphQL** to optimize data flow, reducing load times and enhancing performance.
- Implemented **CI/CD** pipelines, code-splitting, and lazy loading for scalable and efficient deployments.
- Integrated **WebSockets** for real-time data updates, improving trading responsiveness and user experience.
- Mentored junior developers and conducted code reviews, improving code quality and accelerating delivery cycles.

Senior Systems Engineer, Infosys

Jul 2022 – Jan 2023 | Trivandrum, India

- Engineered, debugged, and maintained dynamic web applications utilizing **React.js**, **JavaScript**, and **jQuery**, with a focus on component-based architecture and state management. Implemented unit tests with **Jest**, reducing reported bugs by 40% monthly.
- Collaborated with **UI/UX** designers to enhance front-end design, optimizing layouts for responsiveness, accessibility, and performance, leading to a 30% increase in conversion rates.
- Spearheaded front-end troubleshooting and debugging for e-commerce platforms, including Salesforce Demandware, resolving performance issues, cross-browser compatibility problems, and third-party integration challenges.

• Ensured high-quality code through structured peer reviews, adherence to front-end development methodologies, and compliance with technical guidelines.

Systems Engineer, *Infosys*

Nov 2020 – Jul 2022 | Kerala, India

- Developed and optimized front-end components using **HTML5**, **CSS3**, and **JavaScript**, ensuring cross-browser compatibility, reducing page load times by 50%, and improving site performance by 30%.
- Wrote styles in **Bootstrap, Material-UI** and optimized responsiveness for mobile-first websites, improving performance by 5%.
- Tested functionality across multiple web browsers, identifying and fixing 20+ defects.

Bootstrap Intern, *QuestInnovative Solutions*

Jan 2017 – Dec 2017 | Cochin, India

- Built responsive UI components using **Bootstrap**, enhancing layout consistency across devices.
- Collaborated with front-end developers to implement mobile-first design practices.
- Gained hands-on experience with **HTML5**, **CSS3**, and basic JavaScript through real-world projects.

EDUCATION

Bachelor of Technology (Computer Science),

2016 – 2020 | Cochin, India

Kerala Technological University

XII (State Board), Padanilam HSS, Kerala

2014 – 2016 | Alappuzha, India

LEADERSHIP AND ACHIEVEMENTS

- Awarded 'Best Employee of the Year' for outstanding contributions to PFE Technologies, recognizing exceptional performance and commitment to team success.
- Achieved early progression to 'Senior Systems Engineer' at Infosys, based on exceptional performance evaluations and a proven track record of delivering results.
- **Recognized as a 'Rising Star'** through the Infosys Gracias program for consistently exceeding expectations and demonstrating strong potential for future leadership roles.
